Structured Management Systems, Inc. Announces a Change to the Executive Team

Richmond, VA, August 24, 2015 – Today, Structured Management Systems, Inc. (SMS, Inc.), an industry leading software and technology company, announced the retirement of President & CEO Everett Anthony and the naming of Andrea Newlin as the new President & CEO.

Mr. Anthony has been President & CEO since he founded the company in July of 1976. “It has been my pleasure to have served as President & CEO for so many years. I would like to express my appreciation to all current and former SMS customers. It has been a rewarding experience for me to have worked with you and your businesses over these many years,” stated Mr. Anthony. Mr. Anthony will remain on as Chairman.

Andrea Newlin has over 30 years of experience with SMS. “I have full confidence that Andrea will lead SMS to an even brighter future,” stated Mr. Anthony. Mrs. Newlin takes over as SMS nears completion of its GUI interface and prepares to launch its new Customer Portal to its clients.

About SMS – Since 1976, Structured Management Systems, Inc. has provided a complete back office suite of software to the petroleum, convenience store, service and energy industries. Through its *EnergyElite* line of software products, SMS, Inc. offers a single software solution to organizations that typically rely on multiple software products from multiple vendors.
